Position Title: EMT/Paramedic Instructor

PDCCC is currently accepting applications for the faculty position of EMT, Paramedic Instructor. This is a part-time teaching faculty position.

Job Summary:

Primary responsibility will be classroom and laboratory teaching of all courses in the curriculum. This includes but is not limited to classes on paramedic roles and responsibilities; human systems and patient assessment; shock; fluid therapy; general pharmacology; respiratory and cardiovascular systems; central nervous system; soft tissue injuries; musculoskeletal injuries; medical emergencies; behavioral emergencies; medical health issues and trauma/triage. Instruct, supervise, and evaluate students' skills in laboratory and clinical/hospital setting. Oversee the operation of the Emergency Medical Technician (EMT) and Paramedic (EMT-P) programs. Coordinate field and hospital clinical preceptors, clinical, and internship assignments. Act as liaison between the college and clinical facilities. Ensure program compliance with related laws. Coordinate program accreditation process and Advisory Board meetings. Perform duties such as student recruitment, student advisement, student selection, as well as other routine tasks required to ensure the smooth operation of the program.

Standard duties expected of all faculty include development and evaluation of curricula, maintaining scheduled office hours, attending program and college meetings, pursuing professional growth activities, and performing other duties consistent with the role of an instructor. Instructors also have the opportunity to serve on VCCS and college committees and participate in campus activities.

Minimum Required Qualifications:
1. Any bachelor’s degree and two years of EMT/Paramedic experience, or any associate’s degree and six years of EMT/Paramedic experience.
2. Currently licensed or certified in the State of Virginia (or qualify for certification).
3. Successful completion of the Virginia Emergency Medical Services Education Standards testing

Preferred Qualifications:
1. Three years experience in pre-hospital care within the last five years.
2. One year experience in a supervisory level position.
3. Nationally Registered EMT-P.
4. Experience teaching students of academically, ethnically and culturally diverse backgrounds at the community college, college, or university level.

In addition, successful candidates will demonstrate the following:
1. Principles and process of instructional design and curriculum development.
2. Strong communication and teaching skills. (A teaching demonstration will be required as part of the interviewing process).

Application Process:

This position is open until filled. A Virginia state application must be received at the Human Resource Office, Paul D. Camp Community College, POB 737, Franklin, VA 23851. Paul D. Camp Community College is an Equal Opportunity Affirmative Action Institution of Higher Education. Women, minorities, and the disabled are encouraged to apply.
